

Long-lasting, high performance water filtration for great-tasting, healthy water throughout your entire home.

Features and Benefits

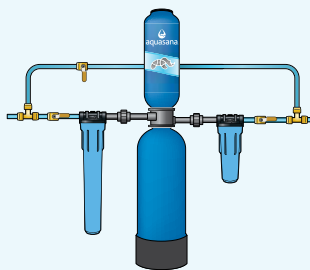

- Full system certified by NSF International to effectively remove up to 97% of chlorine
- High-potency NSF Certified media also reduces pesticides, herbicides, rust, water soluble metals and industrial solvents
- Provides healthy, odorless, great-tasting water throughout the entire house
- Extends life of household pipes and appliances by reducing damaging scale and scale buildup
- Does not require electricity, drainage, or back-flushing and does not create waste water
- Easy installation and replacement of tanks, lasting 6 years or 600,000 gallons
- Delivers the healthiest showering experience for softer skin and shinier hair
- Improves air quality by reducing vaporized volatile organic compounds produced by chemicals

Pure Satisfaction

All Aquasana products offer a 90-day, 100% satisfaction guarantee. This filter system is designed and tested for use with genuine Aquasana parts, including replacement filters and all hardware. Use of parts from other manufacturers may result in loss of contaminant reduction performance, system damage or failure, and will void your warranty.
